

Finance Graduate

At Musgrave, we've been Growing Good Business for over 140 years. And we're not stopping there. In fact, we're just getting started. As Ireland's largest private sector employer, we welcome talented people who want to be part of a thriving business with real purpose. Every role at Musgrave is a chance to define what Growing Good Business means.

We are currently recruiting for our award-winning Graduate Development Programme and we want you to *bring your good* to our business and develop your career with us.

Role:	Finance Graduate	Location:	Cork, Dublin and Belfast
Type:	3-year contract	Travel Required:	Occasional business travel
Department:	Finance	Rotations:	3 x 12 month rotations in Finance teams in Cork, Dublin or Belfast

Purpose & Scope

In Musgrave, we support thousands of retail and foodservice family businesses. Every day we feed one in three people in Ireland through 11 market-leading food and beverage brands that include SuperValu, Centra, Daybreak, Mace and Musgrave MarketPlace. At Musgrave our values and purpose challenge and inspire us to do the right thing, with a focus on practising good, fair and honest business, a commitment to profit with purpose and working relentlessly to innovate and lead the way in our market. Our Finance teams play a key role in contributing to the development, implementation and governance of an effective business strategy that increases sustainable shareholder value; is aligned with our retail partnership model and strategy and is in keeping with the long term vision and values of the company.

Our Finance teams drive business performance through analysis and commentary, working closely with internal stakeholders and our retail partners. The role is exciting and varied as you will rotate around different areas of our finance department including retail and credit control, trading finance and financial control. In addition, you will develop the business skills in order to understand and apply your technical skills in a business context; the relevant people skills to influence the decisions, actions and behaviours of business stakeholders through effective communication, and leadership skills to lead your peers and teams to deliver business objectives.

To support your professional development, you will receive financial support and paid study leave in order for you to study for, and achieve, the CIMA Professional Qualification (Chartered Institute of Management Accountants). The professional experience you will complete in the rotations is aligned with the CIMA Competency Framework, and counts towards the professional experience requirements criteria to become a Chartered Global Management Accountant (CGMA) designation holder. Successful achievement of the CIMA Professional Qualification is a requirement of the Finance Programme. Depending on your undergraduate and/or postgraduate qualification, you may have exemptions for some stages on the CIMA pathway.

Our Finance Programme consists of 3 x 12-month rotations across key finance teams in our retail and wholesale business. These rotations may be based across Dublin, Cork or Belfast and you must be flexible to rotate location as part of the Programme. The Finance rotations are aligned to give you the range of technical, accounting and finance skills that management accountants need to do their jobs.

Key Activities

Finance graduates will rotate across three different teams during the Programme and the following activities provide an overview of the typical activities within key areas. Other rotational experiences may arise due to business requirements and details of typical activities and responsibilities would be provided at that point.

Financial Control and Business Partnering

- Complete the period end accrual workbooks, collate inputs and post all accruals on monthly basis

- Complete balance sheet recs as assigned, getting a clear understanding of what each is for and ensure process notes completed
- Report on exceptions as part of the month end process, establish what causes these exceptions, how they can be prevented, and which exceptions need to be posted
- Prepare and post all weekly journals for the Balanced Scorecard and sales, prepare report and review with relevant finance personnel
- Providing relevant insight and analysis to the business to help drive performance via weekly, monthly and quarterly reporting on sales and margin. Support the business on requests for information to drive operational changes as required
- Delivery of KPI decks, quarterly accounts and supporting information for relevant stakeholders to support the profit and growth agenda
- Support the delivery of the forecasting and budget process for relevant function/business unit.

Trading Finance – activities will vary based on business unit

- Support the finance team in developing and enhancing the brand profitability reporting
- Provide analysis and support through reporting on Key Performance Indicators (KPIs) to our Trading team and wider business, understanding and driving customer profitability. Analyse trends and report anomalies
- Provide insightful financial information through reporting on weekly, monthly and quarterly basis and providing support to the Financial accountant
- Be responsible for maintaining the Key Performance Indicator (KPI) Scorecard at a high level of accuracy and detail versus forecasts, budget and prior year
- Provide support and input into the wider team engagement and development
- Work closely with the Range Planning team to provide insights and performance benchmarking on the planogram process
- Provide reporting and analysis on range performance to the Range Planning team and stores to identify areas of improvement
- Become proficient in use of relevant systems for range planning to build/edit reports and develop data modelling skills
- Improve customer choice and business profitability by continuously monitoring Stock Keeping Unit (SKU) count, sales, margin and customer buying behaviour.

Retail Finance

- Support the Retail Accountants in delivering profit improvement plan for our retail partners by regular engagement with the Retail Finance Team to assess needs and through monthly KPI reports presented at the Profitability steering meeting
- Maintain weekly trackers for sales and margin
- Provide analysis of retail accounts using benchmarking templates
- Participate in ongoing retailer profitability projects as required and provide ad hoc support for reporting requirements.
